

EXTENDED PARTS COVERAGE

Maximize your uptime while controlling your costs with Printronix Extended Parts Coverage

Your organization has decided to provide maintenance on mission-critical equipment, including Printronix Printers. This puts pressure on you to keep your printers running at minimal cost with maximum uptime. You can control your labor costs, but how do you control your parts cost? Now you can with Printronix Extended Parts Coverage which provides Genuine Factory parts at a fixed contract price, allowing you to easily manage your maintenance budget, increase your printer performance and reduce downtime.

Choose the term of your fixed-priced, Extended Parts Coverage and we will supply Genuine Printronix replacement parts during the length of your agreement. Whenever you need to replace a part, Printronix will be there to assist in diagnosing the problem, recommending the correct replacement part and delivering the part via free shipping. Extended Parts Coverage offers zero worries and covers even the most expensive parts.

Don't Settle for Second-Hand Parts.

Critical Printronix parts should only come from the Printronix factory to avoid expensive replacement costs and printer downtime. As part of the Printronix Extended Parts Coverage program, you can rest assured that all parts are certified and undergo precise manufacturing, factory fine-tuning and rigorous testing according to ISO 9001 Factory Certification standards. With a reliability guarantee, Printronix genuine parts mean less downtime and more cost savings.
