

FLEET MANAGEMENT

Introducing Printronix CompleteCare Fleet Management and Expanded Service Coverage

Printronix saves clients time and money through consolidating and managing multi-vendor service, warranty and maintenance contracts all in one convenient, cloud-based portal.

Printronix provides and partners with the best service companies around the globe, sourcing from OEM directly, OEM authorized and select third party maintenance organizations to build a service solution suited to your IT asset age and location.

Tired of keeping track of multiple service agreements, renewal dates, service call placement and escalation procedures?

Printronix eliminates these normally time-consuming inefficiencies through a single web portal. Our staff makes the processes of IT support agreement procurement, utilization and renewals easier. We enable clients to see all important contract information, place and escalate service calls, look up call history, request equipment additions/deletions and order supplies. Plus, our dedicated team of customer service professionals monitors every aspect of contract administration and service delivery, so your team doesn't have to.

See all your equipment and contracts in one place.

No longer navigate multiple websites or 1-800 numbers to manage your equipment and contracts. Printronix consolidates all your IT assets into one seamless solution, giving you real-time visibility into all of your equipment and contracts 24x7!

Providing Service for Printers and Critical IT Equipment

Printronix provides or has secured partnerships with best-in-class service providers offering extensive service coverage beyond printers. With these relationships, we have established a global solution with key IT equipment manufacturers and can support nearly all enterprise-wide IT equipment.

All product names, logos, and brands are property of their respective owners.

CompleteCare Fleet Management: HOW IT WORKS

Printronix provides a cloud-based online service and asset tracking for existing and new service contracts, maintenance agreements and IT assets, giving instant and secure access to all contract and equipment information around the clock. Log on, view all assets at a glance, place service calls, plan renewals and shop for better pricing, all on the same website.

This means you can keep track of all of your IT hardware assets, online and know where everything is, or where it is supposed to be. Know who is responsible for that asset and when contracts renew. Save money and better plan your service budgets with Printronix Fleet Management.
